

# Final Service Changes Fall 2016

## Service Changes Effective September 18, 2016

### REVISED RECOMMENDATIONS

To better meet the needs of community organizations and their clients along the north end of Route 35, an additional schedule modification will be made to decrease the mid-day service interruption. Please refer to the Route 35 bus schedule timetable for trip information.

### SERVICE INCREASES

**ROUTES 7 AND 27:** Increase Saturday frequency on Routes 7 (Pikes Peak Ave-Citadel) and 27 (S Academy Blvd-PPCC) from 60 minutes to 30 minutes.

**ROUTE 4:** Add weekday evening and Sunday fixed-route and ADA paratransit service on Route 4 (8th Street-Broadmoor).

**ROUTE 39:** Add Saturday fixed-route and ADA paratransit service on Route 39 (Eagle Rock-Voyager Pkwy).

**ROUTE 12:** Add one (1) Saturday morning roundtrip to enhance connections to travel downtown on Routes 9 and 19 (to meet 7:15 AM pullout at the Downtown Transit Terminal). Route 12 (Palmer Park Blvd.)

**ROUTE 6:** Add one (1) Saturday outbound trip to better serve the Citadel Mall Transfer Center. Route 6 (Fillmore St. - Citadel)

## NEVADA AVENUE CORRIDOR RESTRUCTURE

Due to input from residents along North Nevada Avenue and the Old North End Neighborhood, Route 19 Nevada Ave. - Eagle Rock will be restructured. Route 19 will operate on the following roadways in both directions: at Cache La Poudre Street and North Nevada Avenue, Route 19 will travel east on Cache La Poudre Street, to north on Weber Street, to west on Jackson Street, to north on Cascade Avenue, then return to existing routing.

This change maintains 15-minute transit service from the Downtown Transit Terminal to the transfer location at Cache La Poudre Street and North Nevada Avenue; and from Jackson Street/North Nevada Avenue to North Nevada Avenue/Mount View Lane. Between Cache La Poudre and Jackson Streets, Routes 9 and 19 will operate 30-minute transit service on Nevada Avenue and Weber Street. Riders can still benefit from 15-minute transit service by walking one block either from Nevada Avenue or Weber Street.

## SCHEDULE MODIFICATIONS

ROUTES 19/39: Move to :00 pulse (from :30 pulse) to enhance weekday evening connections at the Downtown Transit Terminal.

ROUTE 16: Scheduling modifications to facilitate better connections with Route 17.

ROUTES 25/27: Timing modification to facilitate better connection with buses at the Citadel Mall Transfer Center on LAST trip of the day on Saturdays.

## ROUTE MODIFICATIONS

ROUTE 5 Boulder St. - Citadel: Routing will be modified to reduce walking distance and to improve customer access. Route 5 will operate on Wahsatch Avenue instead of Weber Street when traveling between the Downtown Transit Terminal and Boulder Street.
