

North Nevada Avenue Plan
Community Workshop #2
September 13, 2016

Small Group Instructions

Task #1:

Introduce yourselves at your table, if you haven't already done so. Individually review the project vision handout in your packet of materials.

Task #2:

Without considering the availability of funding, discuss and decide together which **five vision statements** your group believes are most important **for first action** and **why**.

Task #3:

Find the blue group response form in the middle of your table and the attached sheet that lists the 15 vision statements with a letter assigned to each. Ask someone in your group to fill out the form by inserting the letter assigned to each of the **five vision statements** your group believes are most important. Also list on the form your group's **reasons for selecting** each of the five statements.

Task #4:

Please choose someone from your group to report your group's decisions once all groups have finished their work.
